

Omega National Title Agency, LLC

COVID-19 Policy/Update

Omega National Title Agency is closely monitoring the latest developments regarding COVID-19 and have taken appropriate steps to ensure the health and safety of our employees, business partners and consumers.

We know the decisions we make not only affect our employees and their families, but the communities where they live and work.

A few examples of practices & policies that have been implemented:

- For those staff members working in our offices, social distancing practices are in place and CDC recommended distances between closing participants is maintained when conducting in-person settlements.
- We conduct most closings by appointment only and we wipe down our closing room tables and chairs after each closing.
- We provide new pens for each signing and encourage clients to keep the pens once the closing is completed.
- We offer Remote Online closings for those customers that choose to facilitate their settlements in this manner.
- We discourage non-essential participants from attending closings.
- Many of our staff members are working remotely with at-home work stations that allow for network access and secure connections.
- We have postponed or cancelled upcoming events, conferences or meetings.

We are following local, state and U.S. Centers for Disease Control and Prevention (CDC) guidelines and will continue to implement updates as more information about COVID-19 develops.

Omega National Title Agency remains committed to ensuring the safety of our employees and those we serve.
